Dear Mr. Halkias:

This is in response to your letter dated June 20, 1983 and received by this Agency on June 22, 1983 in which you requested copies of laboratory analyses of eight samples of materials collected by Mr. Glen Starnard of our Maywood Office on February 24, 1983, at Recycopl, DesPlaines, Illinois.

Enclosed are four of the chemical analysis forms. They are for samples taken at:

1. Symons Surface Impoundment-H₂O
2. Recycopl Well
3. Recycopl Pond
4. Recycopl Cistern

The remaining four analyses forms are not back from our lab at this time. When they are received, they will be immediately sent to our Maywood Office.

Through a copy of this letter to Mr. Ken Bechely, Manager of our Maywood Office, I am requesting that he contact your Mr. David W. Wilma immediately upon receipt of the remaining four analysis sheets from our lab.

Sincerely,

Robert G. Kuykendall
Manager
Division of Land Pollution Control
